We just finished tabulating the surveys for the weekend -- and the MJA members gave you one of the highest ratings we've ever experienced. We've been asking members to complete surveys for more than 20 years, and there is no question -- there are always some who don't believe that any presenter/entertainer deserves a rating of 5 (on a 1 is poor and 5 is excellent scale). So -- when we have a presenter that receives a rating of 5 on nine out of every ten surveys and has an over-all average rating of 4.8, we are thrilled. **Bill Blair, Executive Director, Missouri Jewelers Association**

I could relate to a lot of what Billy said. He made it fun, informational and truly enjoyable. Definitely a wonderful motivator! **Miranda Reynolds, Manager, Indigo Jewelers**
