Educational, entertaining, and inspirational! I have been in business for 50 years and I would highly recommend your presentation to all individuals, not just business people. Your presentation on the ... was more effective than any presentation I have experienced during my career. **John M. Billy, Great presentation!! You tailored it perfectly to our company/audience. **Dean Fox, Executive VP, PBS & J**

Great tricks, but an even better message! We all need to be more passionate to “break” that glass ceiling. Excellent. **Mike Sarro, Principal Manufacturing Consultant, Phoenix Business Consulting, Inc.**

I have never had so much fun in a general session, and I certainly have never heard that much laughter in one, either. We will be recommending you to other associations. **Brian Schaaf, Administrative Director, Gasket Manufacturing Association**

A very entertaining, but thought provoking presentation. I will use this with our sales team. **Harry McGill, Founder and CEO, McGill Hose and Coupling, East Longmeadow, Massachusetts**

If this man’s name is not a household word in sales training, he should be! I ACTUALLY - AFTER A LIFETIME – I GOT IT! No name given, **PFW Systems**

Compelling message woven in a fabric of great entertainment. Memorable practical challenge for sales excellence. **Mike Langdon, District Sales Manager, Southwest USA, Flowserve, Inc.**
