

Room Set-up for Billy Riggs' PLATINUM Program

When practical, please put the stage at the *end* of the room (on a short wall).

AUDIO VISUAL: The sound table should be manned, if possible. Please place it anywhere *except* on or behind the stage or in the No Sit Areas. You'll need a mixer and a computer or .mp3 player at the sound table.

SEATING AREA: Seating may be theater, classroom or banquet, but please leave at least one central aisle (just wide enough to walk through easily) to allow Mr. Riggs access to the audience. **Please don't put up more chairs than are necessary!** Please put an 8 foot table (6' is okay) in the lobby or at the back of the room for Mr. Riggs' products.
